ABOUT ME

I am B. Tech graduate in Information Technology(2025), I am passionate about software development and problem-solving. Skilled in MERN Stack (MongoDB, Express.js, React.js, Node.js) and proficient in building responsive web applications. Basic foundation in C++, Data Structures, Algorithms, and JavaScript (ES6). Enthusiastic learner, eager to apply technical knowledge in real-world AI-based projects, contribute to team success, and grow as a full-stack developer with new Technology.

EDUCATION

B.TECH IN INFORMATION TECHNOLOGY		2021-2025
Institute of Engineering and Technology, Dr. Ram Manohar Lohia Avadh University, Ayodhya		
INTERMEDIATE	76%	2019
HIGH SCHOOL	87%	2017

SKILL

- **Front-End:** HTML5, CSS3, JS, GSAP Framework, React.js, Context API, Tailwind, Material-UI.
- **Back-End:** NodeJS, ExpressJS, MongoDB, Postman, REST API, JWT, WebSocket.io.
- **Programming:** Basic in C++, Data Structures & Algorithms, JavaScript (ES6)
- **Other Tools:** ChatGPT, genAI, ImageKit, Git & GitHub, CanvaEditor, Vercel, AppWrite, Firebase

MY PROJECTS

Project.1: Smart-GPT AI Assistant (Live Project) 2025

Developed an AI-powered assistant using React.js, MongoDB, Express, Node, ImageKit, Gemini AI.

This application includes real-time chat with AI-generated responses, secure login and authentication using JWT, image upload and optimization with ImageKit, and a responsive user interface built with React and Tailwind CSS for an interactive user experience. The backend is powered by Node.js and Express.js with MongoDB for data management, while Gemini AI provides intelligent and context-aware responses.

Project.2: Portfolio application (Live Project) 2025

Developed and deployed a live personal portfolio website using HTML5, JavaScript, and Tailwind CSS. The portfolio showcases academic details, technical skills, and personal projects, along with a professional bio and contact information. Designed with a modern UI and fully responsive layouts to ensure smooth performance across devices. This project highlights end-to-end web development skills and serves as a digital identity to present my work and achievements.

INTERNSHIP

Web Development Intern – **Prodigy InfoTech Pvt. Ltd (Certificate ...)** (Duration: 4 weeks)
Successfully completed a web development internship, contributing to building responsive and efficient web applications. Worked on developing front-end features with React.js and Tailwind CSS, integrating APIs using Node.js and Express.js, and collaborating with the team to implement scalable solutions. Gained hands-on experience in debugging, optimizing performance, and applying best practices in development.
